

How To Evaluate Instruction

Students have the opportunity to evaluate their courses several weeks before the end of the session. In order to access the evaluation, students should follow the steps below:

- 1) Log on to my.fscj.edu
- 2) On the Students tab click the Evaluate Instruction link next to the desired class.

The screenshot shows the my.fscj.edu website. The top navigation bar includes links for Faculty, Employees, Students (circled in red), My Life @ FSCJ, Resources, and Help Center. Below this, there are dropdown menus for My Academics and My Finances. The main content area displays a 'Current Class Schedule' tab, with links for Previous Term Class Schedule and Future Term Class Schedule. A table lists the class schedule with columns for Class, Days, Time, and Evaluation. The 'Evaluate Instruction' link in the Evaluation column is circled in red.
